VOLUME XL

PARIS, BOURBON COUNTY, KENTUCKY, TUESDAY, MARCH 16, 1920

THE MASSIE MEMORIAL HOSPITAL FUND.

In a campaign like the one now in progress for the Massie Memorial Hospital it is almost impossible for the solicitors to see everyone personally, much as they would like to do so. Many persons would no doubt have contributed long ago, but they felt it had taken a personal turn, and that there was just a little pique because the solicitors had not seen them. For a long time the interruption to the telephone service caused by the street kept the solicitors from calling up a large number of persons in the county whom they could reach in no other way.

Now that all these difficulties have been surmounted the people are invited to leave their subscriptions at any of the banks, at any store in Paris or at this office. Prompt acknowledgment of same will be made in every case. Don't stand back now for any reason. The hospital needs the money, and Paris needs the Hospital. There's the argument in a nutshell, according to Hoyle. Several checks have been received recently from former Parisians, one or two for amounts running into the hundreds. There is still room on the credit side of the ledger for a large number of checks from Paris and Bourbon county people. The issue has been put squarely before them, and they, at least the majority of them, know by this time that the campaign is a purely business one. Come forward with your subscriptions, large or small, both or either, as the case may be, and help the good cause, for it is certainly a worthy one.

PRESSMEN ON STRIKE.

Mr. Charles Gill, of Lexington, representing several Lexington printing establishments, where pressmen are on a strike, was in Paris one day last week looking for men to take the places of the strikers, but his mission was unsuccessful. No developments were reported by either the employing printers or the representatives of the striking pressmen yesterday, and indications point to a waiting game in the matter of an adjustment. Twelve men are out, and three shops, the Transylvania Printing Co., the James M. Byrnes Co., and the J. L. Richardson Co., are affected.

CIRCUIT COURT.

Holding that the action should have been brought in the Franklin Circuit Court, Judge Robert Lee Stout, in the Bourbon Circuit Court, Friday, discussed the suit for divorce brought by Mrs. Jane Adams Clay against her husband, Douglas K. Clay, of Paris. Mrs. Clay in her petition alleged cruel and inhuman treatment. She is now residing at the home of her parents, Mr. and Mrs. Abram Adams, in Frankfort.

BOURBON REPRESENTATIVE DISPROVES RUMORS

Rising to a point of personal privilege Representative James H. Thompson, of Bourbon county, at Frankfort, Friday, corrected an impression that had been created by a false rumor that the Democratic members of the House had held a caucus on the bill of Representative Neel which is designated to eliminate the sheriff from serving on the county election board. The sole purpose of the caucus, he said, was to give him an opportunity to invite the Democratic members of the House to a dinner which he gave recently at the Frankfort Hotel.

Representative Neel, Republican, who introduced the measure, says the matter was not discussed at the Democratic caucus and that he for one regretted the fact that such a rumor had gained circulation.

A dispatch from Frankfort to the daily papers stated: "Representative J. H. Thompson, of Paris, Democratic minority leader in the House, was host at a banquet given to-night to the Democratic members of the Court of Appeals, Democratic members of the press and a number of leading Democrats of this city. "Senator Harris, Representatives Shannon, Wheeler, Hardin and Strange, Senator Harlan and Judge Rogers Clay were the speakers. Mr. Thompson acted as toastmaster."

CITY WITHOUT GAS SHORT TIME LAST NIGHT.

Just about the busiest hour of evening, nearly six o'clock yesterday, the natural gas supply suddenly went off without warning of any kind. Families getting supper, restaurants and other places using natural gas for heating and other purposes were seriously inconvenienced for about thirty minutes.

Manager Steenbergen, of the Paris Gas & Electric Co., beset by a horde of anxious inquiries, thinking there had been a break in the pipeline, began an investigation. His search developed the fact that someone, either as a "joke" or in a malicious spirit, had turned the big valve at the Clintonville pike crossing, where the gas mains enter Paris, causing the entire city to be cut off from its natural gas supply. The trouble was soon remedied.

Manager Steenbergen is making an effort to discover the identity of the miscreant who caused the trouble, and will liberally reward anyone for information that will lead to his detection and arrest.

YOU'LL NEED A TOP COAT

This Spring—but what kind of a coat. You'll find here everything that is new in style, whether it's a raincoat, or a regular Spring overcoat—\$40 to \$56.

J. W. DAVIS & CO.

TOBACCO MARKETS

The close of the 1919-1920 sales season came Friday at the local warehouses, when about 47,000 pounds of the weed was disposed of at the Bourbon Tobacco Warehouse. No report of the averages was made to the local press, but we understood that the sale averaged fairly well. W. M. Rogers sold a crop for \$52 per hundred, while another crop sold by Samuel Harding brought about \$53 per hundred.

While the figure for the season's sale are not obtainable, it has been estimated by several well-posted tobacco men that the Paris market has disposed of nearly 14,000,000 pounds of tobacco, about two million more than was sold on the local breaks during the season of 1918-1919. For the season the Bourbon Tobacco Warehouse Co. sold a total of 8,000,470 pounds, for an average of \$43.02 per hundred pounds. Good grades brought good prices through the season, but a large percent of mean tobacco reduced the general average considerably. Especially was this true toward the end of the season, when prices on inferior tobacco reached a very low level. Last year the Bourbon Tobacco Warehouse Co. sold a total of 8,000,920 pounds of tobacco for an average of \$41.10 per hundred pounds. Last year the combined total of sale reached the figures of 12,000,000 pounds.

Although the sales season has closed and the warehouse shutters put up until the opening of the next season, the redrying and packing departments for the four big buyers will remain in operation for several weeks, getting purchases in readiness for shipping out to the big manufacturing concerns.

For the season the New Independent Tobacco Warehouse sold a total of 5,368,465 pounds of tobacco, as compared to 3,861,415 pounds during the season of 1918-1919. The 1919-1920 sales brought a money value of \$2,347,885.59, compared to \$1,578,005.47 in the past season, an increase of \$769,880.12. The average for the season just ended was \$43.73, compared to \$40.86 for 1918-19, an increase of \$2.87 per hundred pounds.

BASKET BALL GAMES

The Paris High School Girls' team won the opening game in the basket ball tournament held at the Y. M. C. A. in this city Friday, taking the game from the Cynthiana High School girls' team by a score of 26 to 10. The game was refereed by Miss Sarah Blanding, of the University of Kentucky. The game was an interesting and hard fought one at all angles, the Paris girls proving their ability to handle the ball at critical times in the contest.

In the State High School tournament, held at Lexington, Friday, the Boys' team from the Paris High School defeated the Lawrenceburg High School team by the score of 44 to 14. In the contest between Paris High and the Clark County High School team, Paris defeated the opposing team by the score of 43 to 11. The Paris team was composed of the following players: Burnett, Rice, R. Roberts, H. Roberts, Denton, Tucker, McClintock and Dundon.

The Lexington Senior High School team captured the State High School basket ball championship title for the third time Saturday, when it defeated the Ashland High School team in the final game of the Kentucky High School Athletic tournament in the University of Kentucky gymnasium. The score stood 56 to 13. The Lexington quintet wins the title, a silver loving cup given by the K. H. S. A. A., and some sporting goods donated by the Thos. E. Wilson Co., of Chicago. Lexington defeated the Paris High School team in the semi-finals Saturday morning at nine o'clock, and defeated the Ashland team afterward, thereby clinching the championship.

The Paris High School girls' team won the State basket ball championship Friday night at the Y. M. C. A. gymnasium, by defeating the team from Nicholasville High School by the score of 32 to 10. Seven teams were entered in the tournament, which opened Friday morning and continued through the afternoon. Paris defeated Cynthiana by a score of 26 to 10. The Clark County High School team defeated the team from the Georgetown High School by a score of 27 to 15. The Lexington Senior High defeated the Winchester High School team by a score of 25 to 3. Nicholasville defeated the Winchester girls by a score of 24 to 5. After the game between the Paris High School and the Clark County High School teams had been decided by a score of 22 to 14 in favor of Paris, the Nicholasville and Lexington girls put up one of the fastest and most exciting games ever witnessed on the local floor. Three extra periods of five minutes each were required to settle the matter of who should be the winner. Lexington tied the score in the first two each time, but in the final periods the Nicholasville girls won out by a score of 23 to 20. Then Paris came in the game and defeated Nicholasville, thereby becoming the champions. The games were refereed by Miss Sarah Blanding, of the University of Kentucky.

REAL ESTATE TRANSACTIONS

Bishop & Flora sold for Mrs. Geo. W. Stuart a one-story frame cottage located in Thoraton Division to Charles A. Buchanan, for \$1,250, for immediate possession.

R. R. Crouch sold his farm located near Little Rock, this county, to Wallace Terrill, of near Clintonville, for \$325 an acre. Mr. Terrill recently sold his farm to Earl Reed, of Lexington. He will get possession this week.

The Walter Clarke Realty Co. sold Saturday for Mrs. Kate Rippetoe, of Covington, a house and lot on Virginia Avenue, to B. G. Graham, for \$2,000. They also sold for Ossian Edwards, a house and lot located on Vine street, at a private price.

Jos. L. Dickey, formerly of Paris, purchased recently of Jos. M. Elvove a one-story frame cottage on Virginia avenue in the Bourbon Heights Addition to Paris, for \$1,250. Mr. Dickey took possession of the property yesterday.

The Paris Realty Company sold for George Wagoner, the Siderer cottage on South Main street, near Twentieth, to Mr. and Mrs. Prather, for \$2,400. The purchasers will move to the property.

The same firm also sold at a private price to Mr. and Mrs. George Harper, the two-story frame house on Henderson street, known as the Margolen property. Mr. and Mrs. Harper recently sold their two houses on Virginia avenue, and will move to the Henderson street home as soon as possession is given.

GRAND PUTS ON FINE VAUDEVILLE SHOW.

By far the best "big-time" vaudeville the Paris people have had for many years was put on by the Grand management Friday night. The splendid program left a good taste in the mouths of Paris theatre-goers, who in the past, have been very patient and long-suffering in the matter of vaudeville.

The program embraced the following excellent features, every act first-class: Doc Earl, "The Million-Dollar Street Faker," Patricia, the Mechanical Doll, The Spanish Trio, Morembo Players and Singers; Peggy Jones, in Pegology, a marvelous peg-legged dancer, acrobat and singer; Mr. and Mrs. J. C. Lewis and children, in a high-class sketch, "A Vaudeville Gem"; Miss Billie Bowman, entertainer with the A. E. F. in France, in a program of "quick changes," impersonations and character descriptive melodies; and Jack Neville and Frank Rockwell, in a skit, "Somewhere in The Frozen South."

It was an all-around good program, one that pleased from start to finish. The two little Lewis children, in their unique sketch, singing and dancing, caught the big audience, with their clever work. Though juveniles they are very close to the star line when it comes to good acting.

INTOXICATED MAN "SKUNKS" POLICE OFFICIALS.

The peculiar actions of a man who appeared in the tobacco warehouse district Saturday impelled citizens to telephone police headquarters. The man, who appeared to be intoxicated, carried over his shoulder a gunnysack, over which he seemed to keep a very solicitous watch. When a crowd, attracted by his actions, came close to him, he opened the sack and drew therefrom a small live animal, which he waved frantically at the crowd. The crowd melted away as if by magic. The little animal was a skunk!

Upon arriving on the scene Chief Link learning the true situation, placed the man under arrest by securing the services of a colored man who was immune, and conducted the prisoner by a roundabout route, out of the beaten lines of travel to the county jail. On arrival at the municipal house of correction matters were further rectified when Jailor Tommy Taul grew the man at admitting the skunk along with the prisoner. He was finally escorted to the city limits, where Chief Link, with his olfactory nerves on the qui vive for a breath of fresh air, bade him take his skunk and travel North, South, East or West, just so you're long gone from here, you and that skunk!

THINGS TO WORRY ABOUT

At the meeting of farmers held in the court house Saturday, one of the tillers of the soil told an incident which had happened to come under his observation recently. He stated that one of his neighbors came to Paris bringing eggs and butter, which he disposed of to a local dealer. He realized forty cents a pound for the butter, and later returned to the store to settle. There he found his married daughter, who resides in Paris, purchasing a pound of his butter, which the dealer had just charged her seventy-five cents.

K. OF P. NOTES.

There will be work in the Knight Rank, at Rathbone Lodge, Thursday night. Let all the members be present.

BOURBON COUNTY FARMERS PASTORS URGED TO ATTEND LEXINGTON CONFERENCE

According to previous announcements sent out to the farmers of the county, a banquet was held at the court house in this city Saturday night given under the auspices of the newly organized Bourbon County American Farm Federation. About two hundred and fifty were present to enjoy the occasion.

The ladies of the North Middle-town Christian church prepared the banquet, which was served in two courses. Walter S. Meng, temporary chairman of the organization, was elected permanent president, and Samuel Clay vice-president. The proceedings were opened with an invocation delivered by Rev. W. E. Ellis, pastor of the Paris Christian church.

Following the banquet, sufficient time being permitted to allow all to get their digestive processes in perfect harmony with what they had eaten, the participants adjourned to the Circuit Court room, where they listened to addresses on farm work, the work of the farmers' organization, and the purposes of the Bureau, delivered by Chairman Meng, E. C. Crenshaw, of Cadiz, and Geoffrey Morgan, of the Agricultural College of the Kentucky University.

At the business session of the organization, one hundred names were added to the rolls, and the membership fee was placed at \$15 per annum. John Woodford, W. F. Sanders and J. Miller Ward were appointed a committee of three to further perfect the organization work by securing new members and to recommend some one for each magisterial district to serve on the Board of Directors. The organization will hold regular meetings in the future, at a place and time to be determined later on.

GAS TIP BLOWING OUT CAUSES FIRE ALARM

When a tip in one of the large gas lights in the Harry Simon Department Store, in this city, blew out under heavy pressure Friday, one of the young lady clerks became excited and rushed to the door, screamed "Fire." The cry was taken up by passers-by on the street. Then someone turned in a fire alarm. In meantime, Albert Williams, janitor at the Simon store, ran to the basement and shut off the gas. When the firemen arrived they found nothing to do in their line, as the panic had been quelled and a crisis averted by the coolness of the janitor.

Fire, Wind and Lightning Insurance. Thomas, Woodford & Bryan

The overworked musician after all cannot complain that with him it's "all work and no play."

Dr. E. L. Powell, pastor of the First Christian church, at Louisville, and one of the best-known ministers of the Disciples of Christ, has written a letter to the ministers of the denomination in Kentucky, urging them to attend the State Conference in the First Church, March 17, 18 and 19, and obtain first-hand knowledge of the Inter-Church World Movement, under whose auspices the conference is called.

"I know of no people," says Dr. Powell, in his letter, "who can more conscientiously and enthusiastically enter into this movement than the Disciples of Christ. Critic or friend, come to this high place of vision and outlook on the great interests of the Kingdom."

Dr. Powell states that transportation expenses of all ministers who attend the conference will be paid and that the only expense to which they will be put while in the city is for their board and room.

TELEPHONE MEN STILL BUSY ON RECONSTRUCTION.

Although it has been a matter of several weeks since the disastrous sleet which visited this section, the two telephone companies, the Bourbon Home and the Cumberland, have not yet reached the point where they can say, "All is well with us." There remains a vast amount of work to be done in the way of reconstructing lines and poles, and restoring connections with the county. Manager H. H. Lloyd, of the Cumberland office, stated yesterday, that the sleet had prostrated over 1,800 poles on the Cumberland's lines in this county, and that at present twelve gangs of men are busy replacing poles, and reconstructing the service. The boarding houses of Paris and Millersburg are filled with telephone linemen who have been brought here from the South and other points to help in the work. The Home Telephone Co., under the direction of District Manager J. J. Veatch, is making heroic efforts to get the service back to what it was before the icy visitation.

HIGH SCHOOL ATTRACTION MARCH 22 AND 23.

Owing to circumstances and conflicting attractions the performance to have been given at the High School auditorium last week by "Rostand, The White Mahatma," was postponed until Monday and Tuesday, March 22 and 23. The admission has been placed at twenty-five and fifty cents. Read the display advertisement on page four of this issue of THE NEWS.

Present-Day Conditions Are Sweeping Away Many Prejudices

THIS IS ESPECIALLY NOTICEABLE IN CONNECTION WITH

Stein-Bloch Smart Clothes

Men who have never before given the matter much thought have put all ready-to-wear clothes in the same class. They're naturally prejudiced.

Ready-to-wear clothes in general did not have an enviable reputation. Now comes the necessity for economy and for the elimination of extravagance.

Conditions of to-day make men think. And the more thought they give to the matter, the better they can and do recognize the superiority of Stein-Bloch Smart Clothes at ordinary ready-to-wear prices.

EVERYTHING

Your Custom Tailor Can Give You —and Then Some

is to be found in Stein-Bloch Smart Clothes. There is no finer tailoring anywhere. The materials are of the very highest quality throughout. The styles set the standards for America's real red-blooded men.

DEMOCRATIC LOVE-FEAST TO BE NOTABLE AFFAIR.

Final plans are now being made for the big get-together conference of Democrats from all parts of Kentucky, which will be held in Louisville on Thursday, March 18th.

Acceptances to the invitations are literally pouring into the committee having charge of the arrangements and indications and indications points to the event as one of the most notable political gatherings in the history of the State.

A banquet will be given in the evening at the Seelbach Hotel, Hotel, which will be attended by members of the State Central and State Executive Committees, Democratic members of the General Assembly, Democratic Editors, Democratic Circuit Judges and Commonwealth's Attorneys, the chairman of the Democratic County Committees in the 120 counties of the State, and a number of others prominent in party councils.

The principal speakers at the banquet will be Mr. Homer S. Cummings, the Chairman of the Democratic National Committee. Mr. Cummings is one of the most forceful and graceful speakers in public life to-day, and the Committee on Arrangements are congratulating themselves on having secured him. The speaker on Kentucky affairs is to be Judge Alex P. Humphrey, of Louisville, whose pre-eminent standing at the bar, and broad grasp of public questions is everywhere recognized. Col. P. H. Callahan, of Louisville, who has been the moving spirit in the work of the newly-formed Administrative Committee in the party, will act as toastmaster, and the meeting will be called to order by Judge Charles A. Hardin, Chairman of the Democratic State Committee, who has also taken an active interest in the new party work.

No political meeting on such a comprehensive scale was ever before undertaken in Kentucky, and the enthusiasm which is being shown in the matter is taken as a splendid augury for party success in the State this fall.

PEOPLE EAT TOO MUCH, LAZY, SAYS PROFESSOR

The present generation is over-eating without recording an increase in energy and activity. In fact we have considerably less "pep" than our mothers and fathers had at our age.

Such is the conclusion of the Academy of Medicine, following a detailed study of the subject by Prof. Charles T. Rechet. Since 1832, he shows, the individual consumption of potatoes has been tripled, that of meat doubled, and people drink six times as much coffee as they did eighty-three years ago. Statistics of the Biological Society show an increase in food consumption is never accompanied by an increase in production.

Ancients Had Much Wisdom.

A great civilization flourished in the valley of the Nile some three thousand years B. C. These Egyptians worshiped the dung beetle, the scarab, possibly recognizing its scavenging powers. The well of Joseph, near the great pyramid, is excavated through nearly three hundred feet of solid rock. The ancient Hebrews were the founders of real public health. The laws of Moses, who was born about 1600 B. C., the first hygienic code known, apply about as well today as when first promulgated.

PROMINENT WOMEN DEPLORE DEFEAT OF ILLITERACY BILL.

Though the mass of Kentucky club women were stopped from coming to the capitol in the interest of the "Moonlight School Bill" Wednesday, a few came despite the fact that the bill had been killed. Some said they came to protest, and their expressions of grief were heard all around the capitol.

Mrs. James McClure, Paris, President of the Bourbon County Health and Welfare League and president of the Bourbon County School Improvement League, said:

"I am full of regret, but I am full of desire at the same time to carry through by collecting more money. We lost so much time waiting for favorable legislation."

Miss M. Anna Poage, prominent club woman, D. A. R., and newspaper woman, of Ashland, sent the following message:

"What we call failure may be Divine Success with God, and our worst defeat may be the preparation for the most glorious triumph. Elijah's night of despair in the desert and his long contest with an apostate king and back sliding the people made him the man to be taken to heaven in a chariot of fire."

Mrs. Josephine Grauman Marks, Georgetown, auditor of the State Federation of Women's Clubs and chairman of the Seventh District Education Department, gave out the following interview:

"It is beyond our comprehension that in this enlightened day—this day of being our brother's keeper that the men who are sent to the State Legislature as our spokesmen and representatives of our thoughts, should oppose a measure that would elevate Kentucky up to a plane of her sister States rather than shove her back in the black abyss of ignorance."

COUNTS HEALTH AS PRICELESS AFTER RELIEF

I'm Feeling As Good To-day As I Ever Did," Says, M. Spalding Gratefully.

LOUISVILLE, KY., March 15.—If I had the last bottle of Trutona in the world, \$1,000 wouldn't buy it," is the remarkable statement made by Mr. Peter Spalding, of 3,004 West Walnut street, not long ago Mr. Spalding is one of the many people who believe there are lots of things in this world that money can't buy and that good health is one of them.

"For some time I had been suffering from chills and kidney trouble," Mr. Spalding's story runs. "My kidneys simply would not act regularly and I suffered considerably from backache. I think that I had a slight rheumatic trouble, too, because my knees would get stiff and hurt me in damp weather."

"The other night I came home with the hardest chill I ever had in my life, and the worst one that I ever saw anybody suffer. I thought sure I was a 'goner.' Well, my wife had been taking Trutona, and as first aid she gave me a dose of it, then put me to bed and covered me up. You may not believe it, but in two hours I was up and walking around. Since then I have been taking Trutona regularly and my kidneys are acting properly now. I'm feeling as good to-day as I ever did."

Trutona is now being introduced and explained in Paris at G. S. Varden & Son's.

MOVING DAYS.

Ministers and school teachers in all parts of the State are complaining that their churches and schools are suffering from the great amount of moving from one community to another. In this county the roads during the first two weeks of March have been full of wagonloads of household furniture, which, with their owners, are leaving old homes for new.

There are many besides the minister and the teacher who regret the change. We venture the opinion that many of our good men and women have looked at the old home for the last time as theirs with a feeling of regret during the last month. Even though its sale brought a profit and the new place to which they go offers advantages over the old one, one cannot leave the scenes around which so many of life's memories cling without some twinge of remorse.

World Has Many Lepers.

Neither geography, climate, diet, heredity nor any other known influence sufficiently explains the cause, the distribution or the behavior of leprosy. There is no discovered certain cure for it, and the cases of complete recovery, if there have been such, are rare. To most Americans it is happily only a name made familiar by Biblical mention or by reports of missionaries to far-off lands; and the estimate that there are 2,000,000 of these hopeless sufferers in the world comes to many people as a surprise.—Rochester Post-Express.

There's a poor show for the manager who hasn't a good one.

IS FEELING LIKE OLD SELF AGAIN

Railroad Man Wasn't Exactly Sick, But Felt Tired And Worn Out All The Time

"I was in a badly run-down condition when I started taking Tanlac, but after taking only two bottles I am feeling like my old-time self again," said Albert F. Smith, 517 Elm street, Toledo, Ohio, a brakeman on the Toledo-Ohio Central Railroad, recently. Continuing, Mr. Smith said:

"While I was not exactly sick, I was so badly run down for some time past that I just felt tired and wornout all the time, and not like doing anything. My appetite was nothing like as good as usual. I did not relish what I ate and it did not agree with me. I had no ambition and was sluggish and my work tired me so when I came in off my run on the road that I felt all fagged out and did not feel like going out of the house or doing anything but sitting down or going to bed.

"I had been reading so much in the newspapers about the good Tanlac was doing others that I decided to give it a trial, and it surely went right after my case in a hurry. Before I had finished the first bottle I noticed I was getting back to my former good condition. Now my appetite has returned and I can eat anything I want and all I want without feeling any bad effects. I am completely over that tired, worn-out feeling and come off the road after a hard day's work feeling just like I could still do another good day's work without stopping. I am gaining in weight so fast my clothes are getting too tight for me. I am going to take a few more bottles of Tanlac, just to be sure I don't have a return of my troubles. It is surely a grand medicine and I advise everybody who feels as I did to take it."

"Tanlac is sold in Paris at Peoples' Pharmacy." (adv)

BONDSMEN MUST PAY FOR HAM-LET'S BOOKS.

Reversing the Franklin Circuit Court in the case of R. H. Vansant against the Commonwealth on relation, the Appellate Court held that the State is entitled to recover from the bondsmen of Barksdale Hamlet \$17,017.27, the cost of a bulletin on home economics and arbor and bird day books and an official manual, educational directory published by Hamlet "unlawfully, illegally and without authority" during his term of office. The suit was brought by the State to recover from the bondsmen of Hamlet, Rufus H. Vansant, John C. Mayo and Judge D. W. Gardner, the sum of \$64,711. All this money, the State alleged, was spent by Hamlet for publications and salaries not permitted by law.

The lower court held the State should recover \$25,000 for the bondsmen of the \$64,711 as \$25,000 was the total amount of the bond. The court holds, however, that only the publications on home economics, the official manual and educational directory and arbor and bird day books were published without authority of law and therefore the State should recover from his bondsmen the amount paid out for these publications.

LET "DANDERINE" BEAUTIFY HAIR

Girls! Have a mass of long, thick, gleamy hair

Let "Danderine" save your hair and double its beauty. You can have lots of long, thick, strong, lustrous hair. Don't let it stay lifeless, thin, scraggy or fading. Bring back its color, vigor and vitality.

Get a 35-cent bottle of delightful "Danderine" at any drug or toilet counter to freshen your scalp; check dandruff and fallen hair. Your hair needs this stimulating tonic, then its life, color, brightness and abundance will return—Hurry!

The "Soulless Corporation"
Because the Telephone Company is a corporation does not necessarily mean that it is without honor or the desire to deal fairly; that it is not as anxious as any other business enterprise to serve you satisfactorily, at a fair price, and to merit your good will.
Corporations—even public service corporations—are simply associations of men and women, managed and operated by men and women, all of whom are just as human as men and women in other walks of life.
These men and women who are the Telephone Company have every reason for trying their best to make their management and service acceptable to you—their places, pay and promotion depend upon just that thing!
Forget the "soulless corporation" when you think of the Telephone Company—think, instead, of the men and women who compose it. Give them at least "the benefit of the doubt."

SAYS SHE HAD "FLU" 5 TIMES WITHIN YEAR

System Badly Weakened As Result—Vola-Tonic Gave Her Strength.

Men and women who had influenza and experienced the weakened, run down condition in which the disease leaves the system will know how Mrs. G. M. Rutledge felt until she took Vola-Tonic recently. Mrs. Rutledge, who lives at 1921 Windsor street, Cincinnati, O., said she had influenza three times and was in a weakened condition as a result.

"The three attacks of influenza left me badly weakened and run down," Mrs. Rutledge said. "I had severe headaches constantly and my nerves were out of order also."

"Vola-Tonic was recommended to me so highly that I got a bottle and started taking it. Before I had taken Vola-Tonic two days I noticed a change all over my system. I could see that I was getting stronger. I kept on taking Vola-Tonic and now I am better in a great many ways."

"I know Vola-Tonic is a good medicine and I'm sure it would prove very beneficial in many cases like mine if taken according to directions."

Thousands of men and women who had influenza are still suffering from the nagging, energy-sapping after effects of the disease. They have been unable to get back normal strength and health. In many instances ailing conditions of the stomach, liver and kidneys seem to be distinctly worse since influenza came.

Vola-Tonic, "Builder of Strength," is what many of these men and women need. Vola-Tonic invigorates the entire system and builds up new strength and better health.

Vola-Tonic, "Builder of Strength," is being specially introduced in Paris, at Varden & Son's

Desired Result Achieved.

Hazel had disobeyed her mother, who had chided her for it, without any apparent effect. The fact that she had done wrong worked upon the girl's conscience, evidently, for she went up to her mother and said humbly: "Please don't scold any longer, mamma, 'cause I feel bad enough about it now."

LARGE NUMBER OF GUESTS AT FATHER AND SON BANQUET.

The Father & Son Banquet, given under the auspices of the churches of Paris, at the Y. M. C. A., on Thursday, was a great success. Between one hundred and sixty and one hundred and seventy were in attendance.

Following the introduction of the toast-master by H. A. Power, General Chairman of the Committee, the following responded to toasts. Mr. Ussery Taul, Alonzo Jacoby, J. T. Tucker, and L. F. Zerfoss of Lexington. Mr. H. A. Power read a letter of greeting to the Fathers & Sons of Bourbon County from former Secretary Z. L. Wilcox who is now at Davenport, Iowa.

The musical selections by Mrs. Macie Fithian, Mrs. Edward F. Prichard and Mr. Clay Sutherland and the orchestra were among the most appreciated numbers on the program. The following is a list of those present:

SOCIAL AND PERSONAL

Comings and Goings of Our People Here, There and Elsewhere.

—Mrs. Henry A. Power is convalescing from a recent severe illness.

—Miss Elizabeth Gregory has returned from a visit to friends and relatives in Cincinnati.

—Miss Emma Smith has returned from a visit to her sister, Mrs. John W. Taylor, in Cynthiana.

—John M. Brennan is sojourning for ten days at West Baden Springs, West Baden, Ind.

—Mrs. Daniel Sullivan and children have returned from a visit to Mrs. H. K. Hamilton, in Carlisle.

—Miss Mary Fithian Hutchcraft is ill at her home on Second street, being threatened with pneumonia.

—Mrs. H. W. Mann is convalescent after an illness of two months, and is able to be up and about her home.

—Mr. and Mrs. Fred Hill have returned to Paris after a visit to Mr. and Mrs. A. D. Hughes, in Versailles.

—Mrs. Lucy Fesler has returned to her home in Mt. Sterling, after a visit to relatives in Paris and in the county.

—Jesse Owens, who has been seriously ill at his home on South Main street, is reported as improving slowly.

—John F. Davis has been confined to his home on Vine street for a few days by an illness not of a serious nature.

—Mrs. George W. Ransom was a guest for the week-end of her daughter, Mrs. Charles Bowles, in Walton, Ky.

—Mrs. Wm. B. Woodford and Miss Eva Wasson have gone to Martinsville, Indiana, for a three-weeks' stay at the Springs.

—Mrs. Ed. Tucker entertained with an afternoon bridge party, at her home on High street, in honor of Mrs. A. S. Glasgow.

—Mrs. Archie Bedford, who was seriously burned some time ago by the explosion of a gas stove, has about recovered from her injuries.

—Mrs. Neville Fisher, guest of Mrs. W. H. Fisher, at her home on Mt. Airy avenue, in this city, has returned to her home in Georgetown.

—Miss Fannie Shropshire, a former resident of Paris, has returned to her home in Georgetown, after a visit to friends and relatives in this city.

—Mrs. N. B. Hedges, who has been a patient at Massie Memorial Hospital for several weeks, has recovered sufficiently to be removed to her home.

—Miss Belle Horton, of near Paris, is visiting Mrs. Fielding Gordon, in Nashville, Tenn. Mrs. Gordon was formerly Miss Ruth Morgan, of Paris.

—Mrs. Lou Letton has moved from her country home on the Jackstown pike to the residence on Main street, in Paris, which she recently purchased.

—Forrest Letton, who has been ill for some time at his home near Paris, has been removed to the Good Samaritan Hospital, in Lexington, for treatment.

—Mrs. Laura Estill Frances and Mrs. Lavina Estill Chenaunt Cunningham have returned from a visit to friends and relatives in Lexington and in Richmond, their old home.

—Y. H. Harrison, of the clerical force in the Louisville & Nashville railroad office, is a patient at the Massie Memorial Hospital, where he recently underwent an operation for appendicitis.

—Miss Laura Lilleston has as guest at her home on Houston avenue, Miss Blanche Clark, daughter of Rev. J. L. Clark, of Mt. Sterling, formerly in charge of the Paris Methodist church.

—Mr. and Mrs. A. L. Ferguson, former Bourbonites, are both patients in the Georgetown Hospital, where Mrs. Ferguson recently underwent a severe surgical operation. Both are improving rapidly.

—Mr. and Mrs. Lawrence Fitzwater, recently returned from their bridal tour, were guests Saturday and Sunday of the latter's parents, Mr. and Mrs. James Rye, and family, in this city. They will make their home in Cynthiana, where Mr. Fitzwater is engaged in business.

—Capt. Brogus, of the University of Kentucky, was a business visitor in Paris for the week-end. Capt. Brogus was here in the interest of the movement to build a memorial hall on the campus at Kentucky University in honor of the Central Kentucky boys, who died during the world war. Bourbon county is asked to furnish a quota toward the fund.

—Mr. and Mrs. Irvin Keller, en route to their home in New York, after a bridal tour to points in the West and South, were guests Friday of Mrs. Keller's parents, Mr. and Mrs. William Myall. Mr. and Mrs. Keller, accompanied by the latter's little daughter, Elizabeth Myall Daniel, left Saturday night for New York, to reside in the future.

—Miss Glennie Lusby, formerly of Paris, is a guest of Mrs. N. A. Moore and other friends in this city. For the past two years Miss Lusby has been a reconstruction aide on the staff of the Medical Corps at Ft. McHenry, near Baltimore, Md., where the United States Government has established a mammoth reconstruction hospital, and vocational training school for returned soldiers. Miss Lusby will go to Asheville, N. C., at the conclusion of her visit here, to engage in reconstruction aide and institutional work.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful. (adv)

Determining the Seasons.

The periods known as the seasons are determined astronomically by the apparent movement of the sun (the real movement of the earth) in the ecliptic, or its journey around the sun. The passage of the sun across the equator, bringing on days of greater length than the night, marks the vernal or spring equinox for the northern hemisphere, and the autumnal equinox for the southern hemisphere, the seasons in the two hemispheres being always reversed.

BE CAREFUL.

See us before selling your furs, hides, junk, poultry and eggs.

BOTH PHONES—DAY 137; NIGHT 299

Corner Fifth and Pleasant Streets, Paris, Ky.

THE NORTHERN STATES HAVE ADOPTED THE 56" AUTO-TRACK WAGON

Over 100,000 Standardized Auto-track Wagons Have Been Sold

This Alone Tells the Story of the Future

DURING the war our Government asked the wagon manufacturers of the United States to conserve wagon-building material and labor from the forest to the finished product by doing away with all unnecessary styles and sizes of wagons. So the leading manufacturers got together and decided that the best way to do this would be to make a standardized wagon. The 56-inch auto-track wagon of today is the result.

This wagon was found to be so much better than any of the odd-track wagons, like the old 60-inch wagon, that now the principal manufacturers are making nothing but this type. It lasts longer, pulls easier, and rides better than the wide-track wagon because all four wheels follow the automobile rut while only two wheels of the wide-track travel in the now universal 56-inch ruts that we find wherever there are automobiles—which is everywhere.

Today there have been sold between 100,000 and 150,000 standardized auto-track wagons, such as the Weber, in the United States—and the number is increasing every day. Some manufacturers and dealers who were overstocked with wide-track wagons and material are still selling the now out-of-date wide-track wagons, but there are not many farmers buying them because the farmer of today is just as up-to-date as anyone and is too smart to let a dealer sell him out-of-date goods, and for which repairs may be very difficult to get in just a few years.

That's why we sell the Weber Standardized Auto-Track Wagon. We know it's the wagon that every progressive farmer in this community will want. The Weber has a number of patented and exclusive features that will interest you. Let us show them to you.

THE C. S. BALL GARAGE

Corner Fourth and Pleasant Sts.

THE SOUTHERN STATES HAVE ADOPTED THE 56" AUTO-TRACK WAGON

SOME "CHARMER"

The following published under a Paris date line in the daily papers a few days ago, is now making the rounds of the country papers:

"Annie Lawson, 17, of Jackson, Breathitt county, who is visiting relatives in Paris, has the most peculiar money-making occupation on record. On the hills surrounding Jackson, rattlesnakes, vipers and racers abound. Her youthful play made her familiar with the habits and haunts of the reptiles, and now she is considered the most expert snake catcher in Breathitt county. Last summer she made a big catch of rattle-snakes and sold them at a handsome profit to an Eastern dealer. She has a contract during the coming spring and summer to furnish snakes at a fancy price for a carnival show. Her last season's catch netted her about \$500."

REPORT YOUR CHANGE OF ADDRESS TO US PROMPTLY

Subscribers to THE NEWS who are moving from one place to another are urgently requested to report their change of address to this office promptly in order that the paper may reach them regularly. It is necessary in reporting a change to give your old address as well as your new one, and to give the name just as it appears on the paper. For instance, if your paper comes addressed to John Smith, do not send in the order to have it changed to J. J. Smith. It is confusing, and may cause the wrong paper to be changed.

Many subscribers neglect to attend to this important matter and then wonder why they do not get the paper. They can save us, as well as themselves, much trouble by making prompt report of change of address.

STATE BANKS HAVING A PROSPEROUS ERA.

State banks in Kentucky are having their most prosperous era. This statement was made by State Banking Commissioner Speer. He said: "The twenty-third condensed statement of Kentucky State banks shows a remarkable growth in resources and deposits since the Banking Department was created July 1, 1912. Resources have increased in seven years from \$110,096,102.83 to \$236,969,653.83 or an increase of 115 per cent."

"Deposits have increased in the same time from \$73,040,497.04 to \$188,459,445.25, or an increase of 158 per cent."

"We have had only two State bank failures since April, 1916. One will pay out in full and the other will be settled with only a small loss to creditors."

A woman thinks a good way to cap the climax is with a new hat.

COUNCIL PROCEEDINGS

The Paris City Council met in regular session in the Council Chamber in the City Hall, with Councilman John J. Williams presiding as Mayor protem. Mayor E. B. January explained that he had taken a severe cold at the fire on Main street, Wednesday morning, which had affected his hearing, and designated Mr. Williams to act in his place as presiding officer.

After the reading of minutes of the previous meeting and the disposition of minor business affairs, the Council took up for discussion the matter of putting in condition the southeast sewer built last year by Contractor A. D. Sant, and which the city refused to accept. A resolution was adopted instructing City Engineer A. H. Boerner to employ a force of men and have the defects in the sewer system remedied, estimating the cost and notifying the bonding company.

John T. Collins, for the Bourbon Tobacco Warehouse Co., and Dan W. Peed, for the New Independent Tobacco Warehouse Co., appeared before the Board and made short talks on the matter of license tax for their tobacco sales warehouses. It was agreed that both companies pay yearly license tax of \$400 on each of their tobacco houses, and the same prorated, for their third warehouse, both of which were completed after the sale season opened. Councilman Speers, of the Improvement Committee, reported that he had received a bid on a steam roller to cost \$5,300, delivered in Paris. He also reported that the committee was in correspondence with the Kentucky Actuarial Bureau looking to a probable reduction in insurance rates provided the city would improve its fire-fighting facilities by the addition of a new modern fire automobile pumping engine to give additional water pressure.

Jefferson Smith was granted a permit to make an addition to his residence on Fifteenth street, cost approximately \$1,000. Permission was given to the Colored Young Men's Club to conduct a dance at the U. B. P. Hall, on Eighth street, on Wednesday night, March 30. Chief of Police Link was given instructions to stop the parking of automobiles on Main street between Bank Row and Fourth street, so that the fire department would not meet interference in making turns at the intersecting streets in case of fire. The duty of carrying out this provision was delegated to Patrolman Robert Lusk. After approving a large number of claims against the city and hearing the report of City Clerk Hayden as to collection of back taxes the Council adjourned.

OIL NOTES.

The Little Banjo Oil Company with headquarters in Paris, is due in this week with its second well on the Vess Peters farm, in Elliott county. Machinery is being moved to the Henry Wheeler tract, in the same section for an early test.

Y. M. C. A. EDUCATIONAL SERVICE.

The Young Men's Christian Association has a national plan of educational service for men who belonged to the uniformed force of the United States in the great war, which includes vocational guidance, lectures and free scholarships in schools, colleges and universities, and in many kinds of home study correspondence courses. This plan is being operated through the State Committee of the Y. M. C. A. and the local city and county associations.

Each city or county association is authorized to appoint an educational service committee, which will receive applications for scholarships from ex-service men who are interested in securing further education to prepare themselves for a larger and more useful career and who need financial assistance to attain their purpose.

On or about March 20th the committee will award scholarships in local or near-by schools and in correspondence courses, ranging in value from \$10 to \$100.00 to the most worthy candidates, as far as the limits of the District Fund will permit. These scholarships will provide free tuition, under certain conditions, may also include other necessary expenses. The scholarship becomes effective at once.

The State Committee of the Y. M. C. A. has the sum of \$4,580 to be distributed in Collegiate Scholarships. Each scholarship provides a sum ranging from \$50 to \$300, according to the needs of the applicant, and may be applied on the tuition, books, board and lodging, etc., during the full college year, beginning early in 1920. Applications for Collegiate Scholarships should be made through the County Educational Service Committee, who will make recommendations to the State Committee.

Application blanks and further information may be obtained from the members of the County Committee, or by writing State District Secretary or Supervisor Educational Work, 345 Y. M. C. A. Building, Louisville, Kentucky.

Interested men are advised to file applications as soon as possible.

County Committees in the District are as follows:

Mason, George Kirk, Maysville; Montgomery, G. B. Sneff, Mt. Sterling; Fleming, J. M. McIntire, Flemingsburg; Powell, Prof. L. E. McConagah, Stanton; Bath, D. J. H. Dailey, Owingsville; Nicholas, I. B. Ross, Carlisle; Rowan, S. Lee McGohen, Morehead; Menifee, J. Cooper Williams, Frenchburg; Robertson, Prof. Cleveland Moore, Mt. Olivet; Bourbon, W. O. Hinton, Paris; Harrison, Chester M. Jewett, Cynthiana.

ATTENTION, TOBACCO GROWERS!

POTASH is the thing that tobacco needs for rapid growth and quality. Our stocks of SWIFT'S BLOOD AND BONE FERTILIZER have just arrived. This contains FIVE PER CENT POTASH, which is two to four per cent MORE than has been manufactured since before the war. Take a bag or two out to your plant beds now, and let us book your order for what you require for your patch before it is all gone.

CHAS. S. BRENT & BRO.
feb27-tf)

TO INSPECT FACTORY.

Ten representatives of the Central Kentucky Light and Power Company, will leave on a special train with other Kentucky representatives for Dayton, Ohio, to attend the three days' annual convention and entertainment given all employees who are winners of the company's grand prizes, held at the Dayton factories Thursday, Friday and Saturday, March 18, 19 and 20. The delegation, all honor members of the Kilowatt Club, having sold one thousand watts of business, each watt being the unit by which the company measures the sales, are winners of the free trip, with A. H. Thompson, general manager of the Lexington branch, products, in charge, is composed of A. H. Thompson, H. McManus, Paris; T. G. McCrosky, Harrodsburg; C. L. Mains, Maysville; E. C. Reynolds, Midway; W. Snathers, Richmond; Will Walker, Lancaster; Fred Davison, Richmond; W. L. Johnson, Winchester, and Leonard Campbell, Cynthiana. These representatives of the company, with one thousand other salesmen, will be entertained extensively in Dayton at the expense of the factory, where theatre parties, sales conferences and other features will be held.

SWIFT & CO.'S WEEKLY PRODUCE MARKET REPORT.

The poultry movement is seasonable and there are no particular changes in dressed poultry market in the large Eastern centers.

Receipts of eggs are increasing and prices have worked lower on all the larger markets. This condition will probably continue until a storage basis is reached.

Deliveries of cream continue light and the imports of foreign butter have not been exceptionally heavy. The make has not been sufficient for current requirements, which has caused a temporary advance in both buying and selling prices.

SHE WAS PARTICULAR ABOUT THE PLACE.

They're telling a good one on a well-known young Paris business man, a young fellow who is very popular with the ladies, and whose one desire is to always win favor in their sight. This is what brought him the reprieve from one young woman in Paris. Feeling very "chesty" as any well-groomed young fellow would who knows the world has been good to him, this young man attended the vaudeville performance at the Grand Friday night. At the close of the performance, as they were putting on their wraps in the lobby the young fellow, with a look of admiration for the fair young creature at his side remarked: "On my honor, you are a picture. You look good enough to eat." Quick as flash came the pat answer: "Glad to hear it. Shall we go to Dale's or to The Sweet Shop?" The last seen of them was when they headed toward the Dale restaurant, intent on making the best of the situation.

PICTURE PROGRAM AT GRAND AND ALAMO.

To-day, Tuesday, March 16.—Geo. Walsh, in "The Shark;" Ruth Roland, in "The Adventures of Ruth;" Prizma Colorpicture, "The Cost of Carelessness."

To-morrow, Wednesday, March 17.—Viola Dane, in "The Willow Tree;" Sunshine Comedy, "The School House Scandal;" Topics of The Day; Bray Pictograph.

Thursday, March 18.—Constance Talmage, in "An Experimental Marriage;" Pathe Review; Vod-a-Vil Movies.

NORMAN CERTIFIED DAIRY FARM
AT PUBLIC AUCTION

THURSDAY, MARCH 25, 1920, 9:30 A. M.

Mr. Norman has instructed us to sell this splendid farm, containing 189½ acres, located one-half mile south of English Station, on the Shelbyville Elec. R. R. It's one of the finest dairy farms in the state. Will be sold in three separate tracts, or as a whole.

TRACT NO. 1

146.11 acres, watered by never failing springs, with a splendid two story frame residence, of 8 rooms, bath and sleeping porch—all modern conveniences. New—absolutely modern Certified Dairy Barn—40 cow capacity—with all the latest improvements, electric lights and running water, modern 3-room dairy house, spring house, 3-room tenant house, and several well-built out buildings.

TRACT NO. 2

39½ acres, every acre will grow first-class tobacco—about 15 acres is woodland pasture fronting over 1,500 feet on the Fisherville Pike, and containing several beautiful building sites.

TRACT NO. 3

4.14 acres fronting on Fisherville Pike, with new 8-room well-built cottage, located in small locust grove. Tract No. 3 is situated between and adjoining tracts No. 1 and No. 2.

A. E. NORMAN, owner

IMPLEMENTS

An excellent line of modern Farm Implements, practically new. Binders, Mowers, Drills, Manure Spreaders, Walking and Riding Plows and Harrows, Wagons, Hay Rakes, Carts, Scales, Ensilage Cutter, 11 H. P. Gasoline Engine, Corn Crusher, Small Tools.

A SPLENDID DAIRY HERD

A carefully culled Dairy Herd, only the best producers and money makers. All have recently passed Federal and State Tubercular test.

"KING ALCARTER GLEN," registered Holstein, grandson of \$50,000 bull.

11 High-grade Holstein Cows.
2 Registered Jersey Cows.
33 High-grade Jersey Cows.
Gray Mare; 2 Bay Horses.

Advance Styles for Young Men In
Hart Schaffner & Marx and
Kirschbaum Clothes

YOUNG MEN are keen for style; and we know it so well that we prepare for that demand and with greatest care.

There are no clothes more stylish, more dignified, in better taste than these new ones from these makers.

One, two and three button single-breasted suits; coats a little longer; square notched lapels; lapels a little lower; openings lower.

Then there are the smart double-breasted; you ought to see them all.

It isn't less important to remember that these clothes are all wool and perfectly tailored. Young men realize as well as any of us the economy of best quality.

B. M. TUNE,
Agent for McCall's Patterns and Publications,
607 Main Street, Paris, Ky.

REMODELING WORK PROGRESSING.

The work of remodeling the interior of the old livery stable on Main street, formerly occupied by Tos. G. Morris, is progressing steadily. When completed the place will be occupied as a garage and repair shop by Dickerson & Son, who at present are located on Tenth street. The old stable has a local history, as in its time it was the headquarters of the stage line operated between Lexington, Paris and Limestone, (now Maysville.) Jack Hook, then one of the best-known reinsmen, handled the ribbons over four fancy horses attached to the stage coach, and afterward used the stable as a training place for trotters, in which he became interested.

Workmen are busily engaged in tearing out the interior of the old Picklen building, which, it is told, is to give way to the erection of a modern hotel building. The rear end of the old house has been torn away. The lumber and other available material is being taken to the Kalapa Farm of Edward Simms, near Paris, to be used in construction work in progress there.

The sound of the hammer and saw is being heard with greater frequency as spring approaches, and the prediction is made that the carpenters and construction men will be very busy in this city soon. Already a large number of contracts have been let for the construction of small houses, badly needed here as the housing problem has become a very pressing one.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Miss Susie Harbin, who has been very ill at her home on Cypress street, is considerably improved.

—Mrs. John Shearer has returned to her home in this city, after a visit to friends and relatives in London, Ky.

—Several from Paris and the county attended the performance of "Tea For Three," at the Lexington Opera House.

—Mr. and Mrs. John T. Collins have secured passports and will leave on March 20 for a month's trip to Cuba and Florida.

—Mr. and Mrs. H. Earl Dickerson and Mrs. Lawrence Dickerson, of Lexington, were week-end guests of Mr. and Mrs. Thos. A. McDonald, in this city.

—Mr. and Mrs. Victor Corbin, of Butler, and Mrs. James Harrison and Jos. Harrison, of Carlisle, are guests of Mr. and Mrs. Ed. Thomas, near Paris.

—Miss Anita Thomas entertained recently at her home in Frankfort. St. Patrick decorations, lilies of the valley and hyacinths were used. Charlton Clay, of Paris, was one of the guests.

—Mrs. Ossian Edwards, entertained at bridge Saturday afternoon, at her home on Main street, in honor of Mrs. A. L. Glasgow, who will leave this week for her home in Richmond, Va.

—The Progressive Culture Club's program for the meeting to be held Thursday, is as follows: "The Flying Dutchman," Mrs. H. E. Foster; "Tannhauser," Miss Ball; "Lohengrin," Miss Tarr.

—L. G. Thurston, of Lexington, has accepted a position as traveling salesman with the Power Grocery Co., in this city, with headquarters in Lexington, and his territory covering Harrison, Robertson and Bourbon counties.

—The Bourbon Art Club held an interesting and profitable meeting at their club rooms, No. 1035 Main street, Saturday afternoon at 2:30 o'clock. A program of unusual interest was rendered and the afternoon greatly enjoyed by the Club members.

—Edsel May and family have moved from their former home near Little Rock, to a farm near Nicholasville, which they recently purchased. The home they have vacated was sold to Mr. and Mrs. Joe Wasson, of Nicholas county, who have moved in.

—The Paris Literary Club will observe the following program at the weekly meeting to be held to-morrow afternoon: "The Year of Oppression," Mrs. Catesby Woodford, Jr.; "In Jerusalem When Herod Resigned," Mrs. Thomas Henry Clay, Jr.; "The Apostolic Fathers," Miss Lena Talbot.

—S. Kenney Nichols and family have moved from the home at High and Fifteenth streets, in this city, recently sold, to their farm on the Paris pike, in Fayette county. Mr. Nichols owns several hundred acres of the Haggan estate, and has one of the handsomest homes on the Paris-Lexington interurban line.

—Prof. E. M. Costello, who recently sold his farm near North Middletown, with his brother, Thomas Costello, and sister, Miss Nannie Costello, have moved into their new home, on the Bethlehem pike, near Paris, formerly the home of John C. Bedford. Prof. Costello will finish the season as teacher in the North Middletown Graded School.

—The "Kentuckians At Florida Resorts" column in Sunday's Courier-Journal has the following note of Bourbon county visitors: "Miss Margaret Allen, Millersburg, Ky., is enjoying a part of the season in Orlando, and has been entertained at several charming social affairs. Miss Margaret B. Clark, Millersburg, is among arrivals at Kissimmee."

—Mr. and Mrs. Edward Spears entertained the Friday Bridge Club at their home on Cypress street. The home was decorated beautifully in the St. Patrick greens. A three-course dinner was served at the conclusion of the games to the following guests: Mr. and Mrs. Virgil Gaitskill, Mr. and Mrs. Wade Whitley, Mr. and Mrs. Oscar Hinton, Mr. and Mrs. White Varden, Mr. and Mrs. Stanhope Wiedemann, Mr. and Mrs. Fay Ardery, Mr. and Mrs. Edward Prichard, Mr. and Mrs. Brincher Meinert, Mr. and Mrs. Robert Ferguson, Miss Carolyn Roseberry, Mr. James G. Metcalfe.

—"Shut-ins" at the Massie Memorial Hospital are making satisfactory progress, according to reports from the institution yesterday. Dr. Bruce Smith, suffering from double pneumonia is greatly improved; his condition yesterday being reported as very favorable. Y. H. Harrison, who was operated on a few days ago for appendicitis, is doing very nicely. Jas. L. Hill, suffering from blood poisoning, was able to leave the Hospital, Sunday, and is at his home in White Addition. Robert Fuller, badly injured by being run over by a motor truck, is rapidly recovering. Mrs. Jos. Stivers, who underwent a surgical operation last week, is resting comfortably.

—Mrs. Curtis Smith and son, William Renick Smith, of Los Angeles, Cal., have arrived to spend some time in Paris as guests at the home of the former's mother, Mrs. W. H. Renick, and Mr. and Mrs. James Duncan Bell, on High street. Mr. Renick Smith is now on the staff of the Motion Picture Weekly, published at Los Angeles, as special contributor. Mr. Smith has recently contributed a series of articles to the Vincennes, Indiana, Commercial, on interviews with famous motion picture stars. He has lately interviewed Mary Pickford, Douglas Fairbanks, Gladys Rockwell, and many others who have gained fame and fortune on the screen. Mr. Smith's article on his visit to Douglas Fairbanks has most to do with the production of "When The Clouds Roll By," which was produced at the Paris Grand Opera House some time ago.

ed at the Paris Grand Opera House some time ago.

—Miss Edna Huffman has returned to her home in Covington after a visit to friends and relatives in Paris.

—Judge Harmon Stitt, formerly of Paris, who has been very ill of pneumonia at his home in Lexington, for several days, was reported as slightly improved yesterday.

—Wm. W. Dudley and Thos. Hornback, clerks at the Craven confectionary and restaurant, who have been confined to their home by illness, were reported yesterday as improving.

—Harry Linville returned Saturday from a sojourn at West Baden Springs, West Baden, Ind. Mr. Linville reports considerable improvement physically, and was sorry business engagements prevented his remaining longer at the Springs.

—Swift Champ, editor of THE NEWS, returned Sunday night from a ten-days' stay at West Baden Springs, West Baden, Indiana, leaving John Brennan to represent this section of the grand old Commonwealth.

—A number of prominent Paris and Bourbon county Democrats will go to Louisville, Thursday, to attend the get-together "love feast" to be held there by the leaders of the party. It is expected to be one of the biggest events of the year, and will be largely attended.

—Dennis V. Snapp, Field Secretary for Sunday School work of the Methodist church, returned yesterday afternoon from an extended trip taken in Middlesboro, Pineville, Harboursville, and a number of other mountain cities in the interest of the work. He conducted institutes at several places and reports a most successful trip.

TO-MORROW "ST. PATRICK'S"

To-morrow, Wednesday, March 17, will be a noted day on the calendar, as it will be St. Patrick's Day, so named in honor of the patron saint of Ireland, whose memory is revered around the world. The day is one conspicuous above all things by the "wearing" of the green, when everybody, irrespective of religious faith, color or degree in the world, likes to put on the little sprig of green or the green badge which marks the observance of "St. Patrick's Day." The wearing of St. Patrick emblems is a tribute to the memory of the man whose greatness was limited only by his mortal frame. Services appropriate to the day will be held in all the Catholic churches.

LAW PASSED REGULATING AUTO TRAFFIC.

The House of Representatives passed the bill introduced by Representative B. A. Roth, of Louisville, to regulate traffic on public highways, fix automobile licenses and provide for their being issued by County Clerks, by the vote of 54 to 14. The bill was backed by the Louisville Automobile Club and similar clubs throughout the State.

The House went into a committee of the whole to hear former Attorney General Charles Morris explain the provisions of the measure. The three outstanding features of the measure, he said, look to expediency in obtaining metal tags for cars by having County Clerks issue license; provide better traffic regulations and prevent traffic in stolen automobiles. Another good feature of the bill, he said, solves the question of refund on license where cars change hands.

The bill allowed the County Clerks a fee of 40 cents for issuing license, the fee to be paid by the automobile owner. This feature of the bill Representative Clario thought objectionable on the grounds that automobile owners are already paying more than their just amount of taxes. He offered an amendment which provided that the 40-cent fee is to be deducted from the license collected, and the amendment was adopted by the House.

Motorcycle license fees are fixed at \$10 and automobile fees sixty cents for each horse power. The registration fees on trucks are \$22 for 1,000 pounds or less; \$33 for more than 1,000 pounds and less than 2,000 pounds; \$40 for more than 2,000 pounds and less than 3,000 pounds; \$50 for more than 3,000 pounds and less than 4,000 pounds and less than 5,000 pounds; \$70 for more than 5,000 pounds and less than 6,000 pounds; \$90 for more than 6,000 pounds and less than 7,000 pounds; \$100 for more than 7,000 pounds and less than 8,000 pounds and less than 9,000 pounds; \$150 for more than 9,000 pounds and less than 10,000 pounds; more than 10,000 pounds; \$150 for each additional ton.

The amendment of Representative James H. Thompson limiting the load to be hauled by trucks to six tons was adopted.

The bill of Representative Thompson, of Bourbon county, to make Paris a center of construction in the State highway system, amended to include Paintsville, Sandy Hook and Louisa as centers of construction, was passed, 64 to 0.

WITNESS AFTER WIT- NESS IN PARIS

Such Evidence Our Readers Cannot
Dispute

As we take up THE NEWS week by week, we are struck by the hearty, unmistakable way in which witness after witness speaks out as Mr. Rankin does here. If these people were strangers living miles away we might take little notice of them. But they are not. They are our neighbors, living among us. Their word is too easily proven to admit of any doubt. They speak out in the hope that their experience may be a guide to others.

Floyd H. Rankin, grocer, Lileston avenue and Lucas street, says: "I have suffered severely with kidney complaint. My back often pained and was lame most of the time. The kidney secretions were too frequent in passage and greatly annoyed me. Whenever I have been this way, I have always found that a box of Doan's Kidney Pills has never failed to cure me of the attack in short order."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Rankin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

Frost at Varying Heights.

The reason frost occurs on low lands when there is none on high ground is because the higher ground cools off more rapidly than the lower, and the upper stratum of air being thus condensed, flows downward and deposits the moisture, which changes into frost. Cold air is heavier than warm and settles to the bottom.

HAS HAD STOMACH TROUBLE FOR SEVEN YEARS.

Theodore Sanford, of Fennmore, Mich., has had stomach trouble for seven years and could not eat vegetables or fruit without pain in the stomach and restless nights. By taking Chamberlain's Tablets he is now able to eat vegetables or fruit without causing pain or sleeplessness. If troubled with indigestion or constipation give these tablets a trial. They are certain to prove beneficial.

(adv)

As a general thing, when a young man thinks he can marry a girl without marrying her family it shows he has never been married before.

A TIMELY SUGGESTION

The next time you have a cough or cold try Chamberlain's Cough Remedy. It is pleasant to take and you are sure to be pleased with the relief which it affords. This remedy has a wide reputation for its cures of coughs and colds.

(adv)

Our idea of a particular man is one who wears suspenders with his pajamas.

Get Goodyear Tire Economy for That Smaller Car

Just as owners of the highest-priced automobiles get greater mileage and economy out of Goodyear Tires, so can the owners of smaller cars similarly enjoy Goodyear advantages.

The 30x3-, 30x3½-, and 31x4-inch sizes of Goodyear Tires are built to afford a money's worth in performance and satisfaction which only the utmost in experience, resources and care can produce.

This extraordinary money's worth begins not only with the merit of these tires, but also with the first cost, which in most cases is no greater, and sometimes actually is less, than that of other makes of the same types of tires.

Go to the nearest Goodyear Service Station Dealer for Goodyear Tires for your Ford, Chevrolet, Dort, Maxwell, or other cars taking these sizes. He is ready to supply you Goodyear Heavy Tourist Tubes at the same time.

30x3½ Goodyear Double-Cure
Fabric, All-Weather Tread..... \$23.50
30x3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag..... \$4.50

GOODYEAR

BRYAN-HITCHCOCK ROW ON IN NEBRASKA.

LINCOLN, NEB., March 15.—W. J. Bryan's recent statement that if elected a delegate to the Democratic National Convention he would not vote for the Presidential nomination of United States Senator G. M. Hitchcock, has been replied to by J. H. Mithen, manager of a Hitchcock-Ford-Prentiss club with a statement "that Senator Hitchcock's friends welcome the issue" and "will meet Bryan in every precinct in Nebraska."

Replying to Mr. Bryan's assertion that if Nebraska voters instruct for Senator Hitchcock he would allow an alternate delegate in the convention to vote in his place, Mr. Mithen said Mr. Bryan had "spent years preaching in favor of instructions and now he asks the people of Nebraska to elect him as delegate and instruct him, and then serves notice on them in advance that instructions given him will not be binding."

"He has always taken the position that the rules that govern men's actions do not apply to him," Mr. Mithen added. Among reasons by Mr. Bryan for his opposition to Senator Hitchcock was that the senator had voted against submission of the federal prohibition and suffrage amendments.

WHY COLDS ARE DANGEROUS.

You are often told to "beware of a cold" but why? We will tell you: Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract pneumonia first take cold. The longer a cold hangs on, the greater the danger, especially from the germ diseases, as a cold prepares the system for the reception and development of the germs of consumption, diphtheria, scarlet fever and whooping cough. The quicker you get rid of your cold, the less the danger of contracting one of these diseases. Chamberlain's Cough Remedy has a great reputation as a cure for colds and can be depended upon. It is pleasant to take.

Bound by the Bonnets.

She was a refined old lady and her friend sat near her in the church on Sunday morning. She leaned over to speak to her friend. The ornaments in their bonnets became fastened together and they couldn't get them apart until a nearby woman came to the rescue. By this time the congregation was all smiling, and it is needless to say how embarrassed the old ladies were.

High Army Officers.

A major general heads each army corps; a brigadier general heads infantry brigade; a colonel heads each regiment; a lieutenant colonel is next in rank below a colonel; a major heads a battalion; a captain heads a company; a lieutenant heads a platoon; a sergeant is next below a lieutenant, and a corporal is a squad officer.

What to do for

Indigestion

"Pape's Diapepsin" by neutralizing the acidity of the stomach, instantly relieves the food souring and fermentation which causes the misery-making gases, heartburn, flatulence, fullness or pain in stomach and intestines.

A few tablets of "Pape's Diapepsin" bring relief almost as soon as they reach the stomach. They help regulate disordered stomachs so favorite foods can be eaten without distress—costs so little at drug stores.

ed notice the News Journal of Wilmington, recently said:

"The Fisher Motor Co., an unincorporated business organization, headed by K. D. Fisher, a Ford motor expert and long connected with the Ford plant at Cincinnati as superintendent, took over the Wilmington Auto Co.'s business in this city, retaining the agency for the Ford cars and the products of the Fordson tractor plants, it is announced this morning."

"The deal was a straight purchase, the stockholders of the Wilmington Auto Co. selling by inventory the entire plant, it is stated."

Appreciation.
Thou hast made me known to friends whom I knew not. Thou hast given me seats in homes not my own. Thou hast brought the distant near and made a brother of the stranger. When one knows thee, then alien there is none, then no door is shut. Oh grant me my prayer that I may never lose the bliss of the touch of the one, in the play of the many.—Tagore.

PEPTO-MANGAN MAKES RICH RED BLOOD

Helps Restore Thin, Run-down Men and Women to Vigorous, Full-Blooded Health

Recommended By Physicians

Sold in Liquid or Tablet Form—The Name "Gude's" the Genuine the Genuine

It is a true saying that your health is only as good as your blood. Good, rich blood manifests itself in a healthy, natural complexion; clear, keen eyes; tireless energy and enthusiasm; and an abundant supply of reserve strength.

And just as positively does poor, thin blood directly influence the entire system. Pale, sallow complexions; dull eyes; a listless step; languidness; tiredness; worn-out feeling; general dejectedness and unhappiness, all are positive signs that the body is not receiving its proper nourishment through the blood.

Pepto-Mangan helps restore vigorous health, because it contains the very elements so much needed by the blood to enable it to perform its functions and supply the body with nourishment, energy, and strength.

For your convenience, Pepto-Mangan is prepared in tablet form as well as liquid form. Both possess exactly the same medicinal value.

There is but one genuine Pepto-Mangan, and that is "Gude's." If the name "Gude's" is not on the package it is not Pepto-Mangan. (adv)

Paying Federal Officials.

The president of the United States is paid by settlement warrant, which is practically the same as a check. This warrant is sent to him by messenger from the treasury twice a month. Senators and representatives are paid either by check or cash as they personally desire through congressional disbursement checks. When they are paid in cash they receive crisp, new bills, as does nearly every one who lives in Washington.

STORM DOES GREAT INJURY NEAR DRY RIDGE.

DRY RIDGE, KY., March 15.—A tornado, about 100 yards wide, blew down a school house, injuring thirty pupils; a general store, three stock barns and damaged other buildings at Sherman, Ky., three miles from Dry Ridge Friday.

Damage was estimated at \$50,000. No one was killed but ten persons besides the school children were injured, including Mr. and Mrs. C. A. Atkins, whose general store building of two stories was blown down. Their son, Robert, 17, was blown out of a second story window but was unhurt.

The one-story office building of Dr. J. L. Price, was blown away. The school house was a one-story frame structure. It was wrecked.

The stock barns of C. M. Morris were blown down and eighteen horses were injured. Roofs were blown off of several houses and all telephone and telegraph wires were blown down. The storm came from the west.

STORM NEAR SPRINGFIELD, MO.

SPRINGFIELD, MO., March 15.—Ten persons are known to be dead and eight injured as the result of a tornado, which swept through the valley of Turkey Creek near Branson and Hollister, in Taney County, Thursday.

Nine towns in various parts of the southwest section of the State were hit.

Seven of the dead are minor children of Ran and William Box, brothers, living at Melva, a small town five miles south of Branson.

Four of William Box's children were killed and his brother lost three children. The wives of both men received injuries from which it is believed they can not recover.

Mrs. Alva Howard and child, living at Melva, were killed instantly. William Jackson, living five miles southeast of Branson, is dead and his sister seriously injured.

John Gross and his wife, living on a farm near Oasis, north of Branson, were blown away with their home and no trace has been found of either the home or its occupants.

Ridgeway Manky was carried 1,000 feet from his home at Melva, and when he regained consciousness on the opposite bank of Turkey Creek he saw his young brother, William, struggling in the water. He was too weak to give aid. Later the body of the brother was recovered downstream.

The bodies of the Box children, according to reports received here, were taken from Turkey Creek which had been swollen to large proportions by incessant rains Wednesday night and early Thursday.

The storm was not confined to Melva. Reports of homes carried away, buildings destroyed and children injured continued to pour into the center of the stricken area Thursday night. The storm district included Kirbyville, Taneyville, Mildred, Oasis, Forsyth and Branson.

The storm-swept country is known to thousands of tourists who annually visit the Ozark region for hunting and fishing.

Reports of unusual effects of the storm were numerous. Thursday night, a work train of eight cars south of Branson, and on which the wives of six workmen lived was moved 200 feet down the track and the cars uncoupled, but not one of the occupants hurt.

The hotel at Melva was practically demolished, while six women were seated near the fireplace. Bricks, plaster and splinters fell about the women. One was injured slightly.

STORM AT NEVADA, MO.

NEVADA, MO., March 15.—Three persons were killed and property damage estimated at \$100,000, involving every building in the business section of the city, was sustained when a tornado struck Nevada Thursday.

THE DEAD:
Paul Lierson, 21 years old.
William Bothlow, 22 years old.
Harry Brewer, 23 years old.
The three men were crushed when the upper walls and roof of the Nevada Trust Company Building were blown over upon a smaller building housing a shoe shining stand.

JOPLIN, MO., March 11.—Three men were killed in a tornado that struck Nevada, Mo., sixty miles northwest of here, Thursday afternoon, destroying part of a three-story building occupied by the Bank of Nevada and blowing out windows in the court house.

The men were all in a shoe-shining shop when walls of the bank building toppled onto the shop and crushed them.

The tornado lasted five minutes. Trees in several parts of the city were uprooted, but property damage was not extensive, according to reports received here.

State of Ohio, City of Toledo,

Lucas County, ss.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE.

BOURBON NEWS JOB DEPARTMENT

MILLERSBURG

Regular meeting of Ainity Lodge No. 40, F. & A. M. to-night.

The Millersburg College will reopen for the day pupils to-day, Tuesday, March 16.

Mr. and Mrs. Monroe Leer, who have given up their farm near Paris, are now with her parents, Mr. and Mrs. J. F. McDaniel.

Miss Virginia Shanklin, who has been attending the Conservatory of Music at Cincinnati, is at home.

Mr. and Mrs. Mack Grimes entertained a number of friends at their home in Butler Addition, Mrs. Carlton Ball entertained at cards at her country home Friday night.

Mr. John Purdy was elected Sunday by the Presbyterian church as a delegate to the Ladies' Aid Convention of the Presbyterian church, which convenes at Louisville to-day.

Millersburg's contribution to the Near East Armenian Relief Fund amounted to \$501.85. Of this amount \$180 was contributed by the Millersburg College. The fund was raised by the Millersburg Twentieth Century Club.

The marble work for the new Farmers' Bank has arrived, and the work of putting it up will begin Monday. The decorators will be here in a few days. The furniture is being shipped and the building will be ready for occupancy about the middle of April.

THE SICK—Dr. C. B. Smith improves slowly at Massie Hospital, Paris. Mrs. Nell Linville, Miss Leona Letton and Rev. Adams are confined to their homes with flu. Mr. E. M. Ingels, Mrs. A. B. Plummer, Mrs. J. W. Slater are improving after attacks of flu. Mrs. J. O. Ralls is improving after an attack of pneumonia.

Mr. Joseph Toadvine and Miss Lydia Thompson were united in marriage Saturday at Jeffersonville, Ind., which was a surprise to their many friends, as it came without any previous warning. Mr. Toadvine is a son of Mr. and Mrs. James Toadvine, and is a prosperous young farmer. Miss Thompson is a daughter of Mr. and Mrs. Howard Thompson, and was a student of the Graded School. They are both quite young. They are the recipients of congratulations from their many friends.

THE PEERLESS ONE TAKEN TO TASK.

Bryan says if his State should name him a delegate to the National Democratic Convention and instruct him to vote for Gov. Edwards, of New Jersey, or any other liquor Democrat, he would not accept the commission. Peerless One must be getting better as he grows older. He accepted such a commission, with instructions to vote for Champ Clark for President and straightaway went to Baltimore and fought him from start to finish, an embezzlement of power, which on another occasion Mr. Bryan said was criminal and deserving of penal punishment. Squeamishness in such matters has not heretofore been characteristic of the man from Nebraska.

MATRIMONIAL.

Marriage licenses were issued yesterday from the office of County Clerk Pearce Paton to the following: Alex Johnson, 21, and Miss Nettie Walker, 21, both giving Nicholasville as their place of residence; Rutherford P. Redmon, 19, son of Mr. and Mrs. King Redmon, and Miss Laura K. Florence, 18, daughter of Mr. and Mrs. Walter Florence, all of Bourbon county.

THOMPSON—TOADVINE

Joseph Toadvine, 21 years old, clerk, of Louisville, and Miss Lydia Thompson, 18 years old, of Paris, secured a marriage license and were married Saturday afternoon in Jeffersonville, Indiana.

MYERS—GRAHAM

A marriage license was issued Saturday from the office of County Clerk Pearce Paton to Irvin C. Graham, twenty-two, of Akron, Ohio, and Miss Hazel Myers, seventeen, of Paris. They were married shortly after. The groom is a rubber worker, employed in the Goodrich Rubber & Tire plant in Akron, O. The bride is a daughter of Preston Myers, formerly of Paris. Mr. and Mrs. Graham will reside in Akron.

HENRY—FLEMING

The marriage of J. T. Fleming and Mrs. Gertrude Henry took place in Wilmore, Ky., Saturday. Mr. Fleming has lived in Bourbon county for several years, and Mrs. Henry, until very recently has resided near Little Rock. This is the third marriage for the bride, and the groom's second matrimonial venture. They will reside on the groom's place near Little Rock.

BOURBON FARMING CONDITIONS

Due to unfavorable weather the end of "gourd hog winter" finds the farmers of Bourbon county further behind with their preparations for spring and summer activities than has been the case for a number of years. Heavy rains last fall prevented late plowing to a marked degree and so far this spring little has been accomplished in this line.

The extreme cold weather of the early part of the past week, together with a lack of protection by snow caused the wheat crop to suffer to a considerable extent in many instances.

It has been estimated by well-posted men that the farmers of this county lost at least three thousand lambs during the blizzard season, which entails a money loss of about \$35,000.

The tobacco season has closed, and the farmers are awaiting with much anxiety the coming of settled weather so they may get their tobacco beds burned for the next crop. They have been mindful of the importance of an early preparation of the soil, and that it is equally important to set tobacco early in order to get the best results in growth, maturity and color.

Country produce is more plentiful, especially eggs, which took a tumble Friday on the local market, dealers paying thirty-five to forty cents per dozen. The retail price has been about forty-five cents per dozen.

DEATHS.

McFADDEN.

Mrs. Charlotte McFadden, aged sixty-eight, mother of Mrs. Robert P. Walsh, of Paris, died at her home, 285 South Broadway, Lexington, Saturday, shortly after midnight. Mrs. McFadden has been ill but a short time.

Besides her daughter, Mrs. Robert P. Walsh, of Paris, she is survived by her husband, John G. McFadden, two daughters, Miss Mary McFadden, of Lexington, and Mrs. R. B. Rice, of Woodford county, and three sons, Anthony J. McFadden, John H. McFadden, both of Lexington, and G. William McFadden, of Cincinnati.

The funeral was held at St. Paul's Catholic church in Lexington, yesterday morning, at nine o'clock, services being conducted by Rev. Father S. Augalone. The burial took place on the family lot in the Catholic Cemetery. The pall-bearers were members of the family.

TROUBLES OF A POSTMASTER

Postmaster J. Walter Payne, just like any other official, or business man, has his trials and tribulations, only he claims his share is larger than the average person's. Talking to THE NEWS man the other day Mr. Payne said: "Hello, is this the postmaster? Well, this is Mrs. Jones. I ordered a pair of shoes from Louisville two weeks ago and you have not delivered them yet. Please look through your parcel post packages and let me know if the shoes have come." That is a sample of the many calls I receive every day. It would require some time to look through a large lot of parcel post packages awaiting delivery, and find a particular package that is causing so much anxiety. We receive several hundred parcel post packages daily, and some time when the boys go out on their routes they have all they can do to get along under the loads they have to carry. We aim to deliver parcel post packages immediately after they are received at this office. If the expected package does not arrive within a reasonable time, the customer should place a formal complaint with the postoffice or write to the firm from which the package was ordered."

COUNTY PURCHASES MULES FOR ROAD WORK.

Fifteen pairs of heavy mules, to be used in the reconstruction and resurfacing plans for the county, have been purchased by the Fiscal Court recently. The main thoroughfares of the county will first receive attention. Three rock crushing outfits and seven motor trucks will be kept busy getting out material for the resurfacing work, and spreading it on the pikes. The new fireproof county garage in East Paris will be rushed to completion, the concrete foundations having been finished. A Lexington firm has the contract for the brick work, which will begin as soon as the material is on the ground.

THE WEATHER.

Not that our people care particularly about it because they know know all about it, but for the benefit of our readers in Florida. The ground hog has certainly been vindicated. The weather up to Sunday was as mean as any ground hog could wish for. Snow flurries, high cold winds and low temperatures made the days and nights uncomfortable. The changes in temperature were sudden and startling. Sunday was a bright, warm day, the one given in the succession of dark gray days. Yesterday was warm, blustery and cloudy, with a promise of muggy weather to follow.

The Weather Bureau's predictions for to-day are for colder weather. But this is March, and anything is likely to happen.

HITS AT AUTO THIEVES.

Senator Jay Harlan's bill designed to stop the growing theft of automobiles, was another of the measures to receive eleventh hour action Saturday, passing the Senate without an opposing vote.

The bill has real teeth in it. It not only makes it a felony to erase or deface serial numbers on engines or cars, but provides that it shall be a similar crime, punishable by a sentence of one to five years in prison, even to have in possession a car with serial number so tampered with. Possession or control of a car in such a condition is declared in the bill to be prima facie evidence that the work was done by the person in control. The bill is by far the most drastic legislation ever attempted to prevent automobile thefts.

When a married man stands hitched it shows he's got horse sense.

"CERTAIN RIGHTS."

Speaking before the Republican State Convention in Louisville last week, Mr. A. T. Hert, the Republican National Committeeman for Kentucky, delegate from the State-at-large to the National Convention, and, in brief, the Republican party in the State, said:

"Of course, boys, you know I cannot make a speech, but all of you boys do know that I can do certain things up at Chicago, and help Will Hayes."

We wonder why the Republican convention was not taken into Mr. Hert's confidence as to what the "certain things" are that he is to do at Chicago. He was afraid to let it instruct its delegates for a particular candidate for the Presidency, because maybe that might interfere with these "certain things." He was afraid to have men like Judge O'Rear and Gov. Willson and Mr. Yerkes on the delegation because perhaps they might not agree to "certain things."

"Certain things" is rather an elastic phrase. It might contemplate a great deal. Will one of the "things" be to connect with a Cabinet job?

BIRTHS.

In Paris, to the wife of Allen Rowland, a daughter.

Near Shawhan, to the wife of L. C. Fryman, a son.

Near Little Rock, to the wife of Emmett Crump, a son.

In Anniston, Alabama, to the wife of J. C. Nickerson, of Paris, roadmaster of this division of the L. & N., a daughter, their third child.

RELIGIOUS.

A revival meeting will begin in Paris Methodist church on next Sunday, March 21. The pastor, Rev. Charles H. Grear, will preach. Services will be held each night, at 7:30 o'clock.

Rev. Walter S. Cain, rector of St. Peter's Episcopal church, having been called to his former home in North Carolina, on a business mission, there will be no services in the church Wednesday night. Regular

This week, March 14 to 20, is to be observed as a week of State-wide prayer meetings under lay leadership. This week was designated because of the absence of many pastors from their pulpits at the State Conference in Louisville. The slogan of the week will be "Prayer Does Things."

The annual meeting of the Kentucky Conference, Women's Missionary Society of the Southern Methodist church, will be held from Tuesday to Friday, of this week, in Cynthiana. The meeting will be attended by several hundred representatives from the Eastern part of the State.

Among prominent speakers to take part are Mrs. J. W. Downs, council officer; Miss Grace Hamilton, Y. W. C. A., who will give daily Bible readings; Mrs. D. W. Demaree, Japan; Deaconesses Olmstead and Elliott, Mrs. Grubbs, former president of the conference, and many others.

KENTUCKY LEGION TO AID IN ROUNDING UP SLACKERS.

The executive committee of the Kentucky department in rounding up 2,469 Kentuckians classed as delinquents by the department and assist the government in prosecuting slacker charges.

The Legion in Kentucky has 107 posts and 9,000 members and pledges

es all of its facilities in furthering government inquiries and prosecutions. Draft dodgers are undesirable citizens either in peace or war is the attitude of the legion and it will assist to the best of its abilities the ferriing out of every man suspected of not having done his whole duty to the nation in time of war. The committee is on record as pelgding its adherence to the bonus plan recently announced by the National organization.
